## Road Map and Directions

### From Great Malvern to Colwall

Follow the A449 Worcester to Ross-on-Wye road through Malvern. Just over ¼ mile after the last shops in the higher part of Great Malvern turn right onto the B4218 signposted: The Wyche and Colwall.

Follow this road upwards and through the cutting in the hills then continue downwards to the village. Pass through Colwall then just before the traffic lights on the railway bridge, turn right on to Mill Lane. The Hall is 100 yds along on your right.

### From Ledbury to Colwall

Take the A449 from the traffic lights in the centre of Ledbury towards Malvern. After 2 ½ miles, turn left onto the B4218 signposted Colwall. Follow this road until you reach the traffic lights on the railway bridge. Take the first left after this (Mill Lane) and the Village Hall will be found 100yards along on your right.

## Welcome to Colwall Village Hall

Colwall Village Hall, on the western side of the Malvern Hills, is easily accessible by road and rail. National motorways are within 10 miles and Colwall also has a main line station with Inter-City services.

In a picture-postcard setting with views of the Malvern Hills and the surrounding countryside, the hall is perfect for a wide range of activities.

The original 'Church Rooms' were modernised and extended in 1990 giving the new building light and airy rooms with all modern facilities plus good disabled access. An efficient central heating system ensures that a comfortable temperature is maintained throughout the building all year round.

The large entrance hall is suitable for use as a reception area for weddings and other social occasions. It is also ideal for small exhibitions.

The Hall has successfully held many types of events, including wedding receptions, dances, markets, parties for all ages, dinners, seminars and exhibitions. Having a fixed stage it has also hosted lectures, concerts, film shows and plays.

## Rooms Available

### Main Hall (13m x 12m)

This has a maple wood dance floor and can provide comfortable seating for 200 or 150 covers for weddings and other receptions. There are 24, 6 to 8 seater tables and 16 smaller ones available for hirers.

There is a modern AV system with large screen for films or presentations. An induction loop is fitted in the main hall and Wi-Fi is available throughout the building. The hall also has a good piano.

### Kitchen and Bar area

This is a large well-equipped room with round the wall worktops and a central island area. Amenities include a gas cooker, two fridges, warming cupboard and a dishwasher.

It also has a large selection of crockery, cutlery and glasses. Two electric heaters provide hot water for the kitchen and adjacent bar area, where there is also a glass washer and a wine cooler unit.

A side entrance affords easy access to the kitchen area and loading bay, while access to the bar area can be through the Hall's old entrance on Mill Lane.

### Jean Simon Meeting Room (8m x 5m)

Up to forty people can be accommodated in this pleasant room for commercial activities, informal gatherings and private meetings. It has its own water boiling facility for making teas and coffees plus a sink with water heater.

## Parking Facilities

Good parking with marked places for sixty cars is available in the off-road car park. This has separate entrance and exit access and one-way flow. For large evening meetings, arrangements can usually be made to use the adjacent school car park.

Parking for disabled users of the Hall is sited on the Mill Lane side of the building, with flat access to the foyer door and throughout all the public areas.
